The Electrical Engineering Faculty Meeting was attended by Dr. Myler, Dr. Bean, Dr. Bahrim, Dr. Maxum, Dr. Reddy, Dr. Sayil and Dr. Wang. Minutes were taken by Jane Stanley.

Dr. Myler and Dr. Bahrim discussed the possibility of teaching an electrical engineering elective course.

For ABET: Circuits Lab will be listed under Dr. Bean and Dr. Sayil.

Bill Hudson is coming in March for mock ABET visit.

Industrial Survey: proves we produce a successful engineer.

Comprehensive Exam: would like to get rid of it as it is being done presently. Each committee member will put together a test (written or verbal) for student and report back the results to the department. Look into having Research Project (with report) instead with three faculty members. The Research Report:

1. may turn into a thesis
2. makes FTEs for faculty
3. may produce a published paper.
